Trilogy Solutions Attains Gold and Elite Status in HP PartnerONE Program

August 15, 2005. Trilogy Solutions, LLC, a Cranbury, New Jersey based IT consulting firm, is proud to announce three recent merits received from participation in HP's channel partner program.

By building a critical mass of both sales and technical skills, Trilogy Solutions has attained Gold-level status in HP's PartnerONE program.

In addition, Trilogy Solutions has met rigid technical competency and revenue requirements in designing, selling, implementing and supporting best-in-class enterprise storage solutions and has earned the Enterprise Storage Elite designation from HP.

Trilogy has also met requirements necessary to become an HP Business Critical Server Elite partner. The combination of HP server and storage products offers tremendous synergies, and enables Trilogy to provide comprehensive IT solutions to its customers.

"There is tremendous value in the additional benefits and resources that we will receive from HP as a Gold and Elite partner," said Mark Darlington, Trilogy Solutions' chief operating officer. "These resources will enable us to provide our customers with even higher levels of service and support."

"It's impressive that Trilogy has achieved both the Gold and Elite status just after its one year anniversary," said Tom LaRocca, vice president of partner development and programs at HP. "This acknowledges Trilogy among a select number of our partners, as well as its ability to deliver high-quality technology solutions to customers."

Jeff Liebenthal, Trilogy Solutions President and CEO, stated "I'm extremely pleased with the momentum that we've gained with HP in our first year of operations. Our Gold and Elite status will help us achieve even more accelerated growth in our next year. Our plan is to aggressively build our infrastructure to better serve our current and prospective customers."

Trilogy Solutions, LLC is headquartered in Cranbury, N.J. and provides nationwide coverage for clients and partners from nine U.S. locations. In concert with Trilogy Leasing, its sister company, Trilogy Solutions provides a wide variety of information technology products and services. Those services include procurement of both new and used equipment; designing, implementing and managing the infrastructure for new applications; enhancing the resilience of existing information systems; managing the migration of data and applications; handling the disposition of equipment; and lease financing.
